Division News: The Latest from the Division of Licensing

MESSAGE FROM THE DIRECTOR

2021 has certainly been an interesting year! We thought we would be done with the COVID-19 pandemic by this time, but the variants keep coming. We appreciate your patience as we've worked through the many issues created by this pandemic. As always, our top priority is the health and safety of our staff and our licensees.

In spite of these challenges, we have continued to work hard toward speeding up the processing of 493 applications. Thanks to the efforts of Annette McDaniel and her team, we are now processing applications in less than 10 days. Appointments in [regional offices](#) are available on a same-day or next-day basis, and the customer-based appointment system we implemented in March has been a great success.

On behalf of DOL, I wish you all a warm and safe holiday season and look forward to a bright and prosperous New Year.

Stephen D. Hurm
Director, Division of Licensing

COMMISSIONER OF AGRICULTURE EMERGENCY ORDERS REGARDING COVID-19

All emergency orders that waived expiration dates and late fees between March 20, 2020, and June 26, 2021, have expired.

If you hold a Concealed Weapon or Firearm License that expired during the emergency order period, you are eligible to renew until December 23, 2021. Please act now. If we do not receive your renewal application on or before December 23, 2021, you will need to apply for a new license. You can renew your Concealed Weapon or Firearm License [online](#).

If you hold any Chapter 493 license that expired during the emergency order period and you have not renewed that license, it is considered permanently expired and cannot be renewed. If we did not receive your renewal application on or before September 26, 2021, you will need to apply for a new license. You can apply for a new Class D Security Officer License online. You can schedule an appointment to apply for any new Chapter 493 license at one of our [regional offices](#).

Please contact our Public Inquiry Center at (850) 245-5691 or through [Live Chat](#) with questions.

Florida Department of Agriculture and Consumer Services

HIGHLIGHTS FROM THE PRIVATE INVESTIGATION, RECOVERY, AND SECURITY ADVISORY COUNCIL MEETINGS

Friday, August 13, 2021

Chairman John D'Agata presented his remarks to the council:

- The pandemic, which began in 2019, has placed a burden on everyone, but especially on Florida residents and the industries represented by the council. Businesses continue to struggle with the current labor market and finding quality personnel is becoming increasingly challenging.
- The industry is concerned about firms and agencies that are providing services without being registered or licensed. There are also concerns about 'forwarding,' which is when an out-of-state company works in Florida under the umbrella of a registered entity. Industry representatives continue to have conversations with the Department of Revenue to address concerns about these businesses not properly paying state taxes.
- The expiration of the Emergency Order eliminated the ability of schools to offer virtual, online training. The industry has experienced some challenges around this suspension and advocates for reaching out to legislators to try to establish a statutory provision for allowing virtual training.
- Collaboration of members of this council, their represented associations, and the division will be crucial going forward.

Director Steve Hurm presented the council with his Division of Licensing status report. The report included the following highlights:

- The pandemic has been challenging for the division. Several regional offices have had to close for cleaning after a covid exposure. The division continues to require appointments at the regional offices and requests that all visitors wear masks. The division is doing all that it can to protect both staff and customers and appreciates the industry's patience and understanding.
- The division is experiencing the same struggles as the regulated industries when it comes to hiring. Most division employees continue to work remotely, and the division is expanding the availability of remote work outside of Tallahassee. This has broadened the field of potential candidates for open positions.
- As of July 31, 2021, the division has 2.5 million active licensees. Licenses issued under Chapter 493, F.S. are down by about 45,000 licenses. This is partly due to licenses expiring after the Emergency Order expired.
- The number of applications received by the division has stabilized. From July 2020 to June 2021, the division received an average of 41,493 new and renewal applications per month. This was a 51% increase in applications, but the division did not get a 51% increase in staff. As of July 2021, the number of applications dropped to between 32,000 – 35,000 per month. Licenses regulated by Chapter 493, F.S. are being issued in less than 10 days.
- The Public Inquiry Center (PIC) has experienced an unprecedented volume. In January of 2021, PIC received an average of 3,800 contacts per day with only 31 full time staff handling those calls and chats. By July 2021, the number had dropped to 2,500 contacts per day. Prior to the pandemic, PIC received 1,500 to 1,800 contacts per day.
- The division has requested 83 additional staff to help with the increased volume of calls and applications.
- Regarding virtual training, the division now has data to show that it can be done successfully. The expiration of the Emergency Order eliminated the division's ability to authorize online training. The division will now be forced to take disciplinary action against any schools still offering virtual training.

John Raymaker, Chief of the Bureau of Regulation and Enforcement, reported that the division has taken disciplinary action by suspending 488 licenses and revoking 46 licenses. The division has handled more than 2,400 letters, including employee action reports.

Greg Gibson, Chief of Investigative Services in the Office of Agricultural Law Enforcement, reported that between May 2021 and July 2021, OALE investigators initiated 995 cases and completed 667 cases. Of those cases, 485 cases were referred to the division's legal team. This includes 5 cases of unlicensed activity.

Industry representatives raised the following:

Chris Burns of AGR Recovery stated that division staff has been phenomenal in assisting with licensure issues. He inquired whether there was any progress on developing programs to get investigators more involved with unlicensed activity. Chief Gibson stated that the Regulatory Investigations Section is experienced a high number of vacancies and the department is working diligently to fill those positions.

Mr. Burns asked about site visits and the potential of partnering with local law enforcement. Chief Gibson stated that partnerships are always helpful and investigators are still conducting site visits but are being more selective and cautious due to the pandemic. He encouraged the industries to share information regarding unlicensed activity with the investigators. Mark Perez of the Florida Department of Law Enforcement suggested creating an education piece for law enforcement agencies.

Pat Hurley of St. Moritz Security Services asked that the division share its legislative agenda. Mr. Hurm stated that we would be happy to share it and that the industry can assist by supporting the legislation or move forward with their own legislative proposals. Patty Schmidt of Frontrunner Protective Services and Chairman D'Agata shared that the Florida Association of Security Companies is supportive of legislation regarding virtual training.

Chairman D'Agata offered the industry safety address. He stressed the importance of maintaining public health when interacting with the public and each other. He stated that the industry is experiencing escalations in the workplace and other public places and encouraged proactive safety programs for employees to promote their own personal safety during this time of crisis.

Patty Schmitt expressed frustration with contacting the regional offices. Mr. Hurm stated that he understands and expressed that the division has proposed expanding the workday to accommodate more appointments but that the division is unable to do so due to current staffing levels.

The following was shared during public comment:

Mr. Hurley read comments from Mr. James Elder, who has concerns about restricting K licensees to using NRA instructors. Mr. Hurm stated that this is a restriction that has been imposed by the legislature and the division is unable to change this requirement without a statutory change.

Friday, November 5, 2021

Mr. John Raymaker, Chief of the Bureau of Regulation and Enforcement, presented the Division of Licensing status report. The report included the following highlights:

- As of September 30, 2021, the division has 2.3 million active concealed weapon licenses. There are currently over 172,000 active licenses issued under chapter 493, Florida Statutes. This represents a drop in active licenses, with private investigator licenses being the only type that have increased.
- The Bureau of Regulation and Enforcement suspended over 1,700 licenses and revoked 95 licenses. Additionally, the bureau handled over 2,000 employee action reports.
- The division's regional offices are experiencing high vacancy rates, which is causing delays in appointments for high volume offices. The division is doing everything possible to keep offices sanitized and open.
- Amy Topol, Assistant Director, continues to work with the Office of Agricultural Law Enforcement on the training

project for regulatory investigators. Phase 2 of the project is well underway and is utilizing both internal and outside experts to build the training.

- The division has not initiated legislation during the current session but hopes to propose legislation in the future.
- The division is grateful to its industry partners for their patience as we work through issues caused by the pandemic and we remain committed to serving our licensees and the public.

Greg Gibson, Chief of Investigative Services in the Office of Agricultural Law Enforcement, reported that between August 2021 and October 2021, OALE investigators initiated 765 cases and completed 682 cases.

Chairman John D'Agata offered the industry safety address. He noted that media publicity about rising criminal activity affects the industries represented by this council and encouraged everyone to be situationally aware.

Chairman D'Agata shared that the Florida Association of Security Companies (FASCO) authored a bill related to supporting online and virtual training. The bill language has been shared with members of the legislature.

Industry representatives raised the following:

Bret Bartlett of Ex Umbra Defense Solutions LLC requested a status of the development of the division's new database. Chief Raymaker stated the database is still in development, and the division can share a more detailed overview of the project during the next council meeting.

Richard Stein of All Florida Investigations & Security and Chris Burns of AGR Recovery requested information regarding complaints that were filed with the division. Mr. Raymaker requested that he be contacted via email and stated that he would research the complaints in question.

Mr. Burns requested that the division list the type of violation along with the administrative actions that are reported in the biannual newsletter in order to better educate licensees about common errors. Mr. Raymaker stated that this would be difficult given the limitations of our current database, but that the division could potentially share a list of the most common violations.

Patrick Hurley of St. Moritz Security Services requested that the division's legislative agenda be shared prior to session. Chief Raymaker responded that the division is not proposing legislation this session.

Mr. Stein suggested adding the types of firearms a licensee is qualified to carry onto each license for the benefit of investigators and agencies. Chief Raymaker stated that we could consider this when developing the new system but that this isn't possible with the current system. Mr. Stein requested a status on the opening of an office in Port St. Lucie and Chief Raymaker stated that this is not being considered at this time but could be considered in the future.

The council held the election of officers for 2022. Mr. John D'Agata will remain as Chairman and Mr. Chris Burns will remain Co-Chairman of the council. Chief Raymaker thanked both Chairman D'Agata and Co-Chairman Burns for their willingness to serve. He also thanked all council members for volunteering their time to better the industry.

Tentative dates were chosen for future council meetings:

- February 4, 2022
- May 13, 2022
- August 5, 2022
- November 4, 2022

The following was shared during public comment:

Amy O'Rourke of the Florida Association of Licensed Investigators thanked the division for assisting in resolving licensing issues.

ADMINISTRATIVE ACTIONS

Pursuant to Section 493.6123, Florida Statutes, the Division of Licensing is required to publish the name and locality of any licensed or unlicensed person or agency against whom an administrative complaint has been filed and a final order has been issued. The following is a list of final orders issued during the period June 1, 2021, through November 30, 2021. NOTE: When "X" precedes a license type, it designates unlicensed activity in that regulated field. EXAMPLE: "XC" indicates unlicensed private investigative activity; "XE" indicates unlicensed repossession activity.
