

Florida Certified Prescribed Burn Manager Training

2019-20

A Course on the Basics of Prescribed Fire

This 24-hour course is designed to train individuals in public and private agencies and organizations that are charged with the responsibility of performing prescribed burns.

WHAT YOU WILL LEARN

The course objectives are stated in broad terms and define what the trainee will be able to do upon successful completion of this course.

1. Identify those factors of fire intensity which have an effect on local resources.
2. Identify the requirements and components for developing proper burn prescriptions and operational plans.
3. Identify burn techniques that need to be applied to meet burn plan requirements.
4. Develop a burn prescription and an operational plan for given fire types, give land management objectives, fire behavior history, weather data and fuel loading.

COST

Cost for all classes is **\$175.00** – This includes tuition and course materials
Some locations offer lodging and meal plans at additional cost (see next pages for details)

REQUIREMENTS

While not required, it is recommended the student has taken S-130, S-190, or have hands on fire experience. Check with local Florida Forest Service office for these classes.
