

PCEAC Meeting November 7, 2018 Alachua
Agenda

Welcome and Introductions Schlessinger

Meeting called to order 10:00am.

Roll Call (see attachment)

Agenda (for November 7, 2018) and Meeting Schedule Review and Approval Schlessinger

Approved Unanimously

Summary Report (for July 17, 2018) Review & Approval Schlessinger

Approved Unanimously

Procedural Manual Review for Adoption Schlessinger/Parker

Mr. Goldenberg proposed updating the manual to include teleconferencing as attendance

Discussed moving officer election policy to March

Agency Issues Updates (Regulatory/Rule Making; Budget; Issues) Dubberly/Oglesby

- * Rule Making Update – Proposed rule changes have been published.

- * Budget Updates – Trust fund is up for review (occurs every 5 years). If not renewed, it will delay research.

Ms. Friend stated the Department is proposing to extend another 5 years by changing expiration date.

- * Dept Issues Update – Raw Ag group will be re-convening. New Commissioner might delay next council meeting. This is Dale Dubberly's last meeting.

Agency Enforcement Activities and Discussion Stanford/Dubberly

- * Review Quarterly Enforcement Statistics and Trends (includes Illegal Operator statistics) – reviewed the July to September Disciplinary report.

- * SEO Updates – Home Inspection SEO – Violations noted, unlicensed activity and proper forms.

Agency Briefings and Industry Updates on Relevant Issues Dubberly

WDO SEO follow up - NASHI and NPMA forms; DPBR meeting – A lot of misinformation. Trying to set up meeting with DPBR – has not occurred yet. Would like to propose draft language for DPBR website and renewal notices for home inspection. Talking nationally to NASHI and NPMA.

Break

Council Issues and Research/Advisory Updates Schlessinger

Termiticide Efficacy Rule Protocol Development - Schlessinger -

Call for Research Proposals - Schlessinger

Several written proposals have been received. Other topics propose – spray foam insulation? alternate treatment authority? Pest control warranty regulations? Proper procedure would be to have the council propose and rank research topics. The research advisory group would then develop the topics and the department would issue requests for proposals. Research group would then evaluate and rank the proposed research projects submitted. Contracts would then be awarded, per the ranking and available funding. Teleconference recommended prior to March meeting for council research suggestions and ranking in order to have projects available for funding July 1, 2019 to June 30, 2020. All of this should be prefaced with pending the new administration's approval.

General Public Comment Schlessinger –

Richard Miles – wdo job limits for exam qualifications put in place – provides for a more well-rounded operator.

Shouldn't these kind of limits exist for other categories to restrict the number of sales jobs? Submitting a proposal to Sarah.

Christa - haven't received the July minutes I requested.

Council Member's Comments and Issues Schlessinger

None

Next Steps and Agenda Items for Next Meeting Schlessinger/Parker

- Identify and hold Agenda Items for Next Meeting Parker
- Review Action Items and Assignments
- Identify Needed Information and/or Background Documents
