Division News: The Latest from the Division of Licensing

MESSAGE FROM THE DIRECTOR

A few random remarks for your consideration as this year draws to a close.

With the reopening of the regional offices, we have restored some semblance of normal operations. However, it may be many months before we are able to deliver the level of service that we provided prior to the pandemic. Much depends on the spread of the virus as we move through these winter months and into the spring. Commissioner Fried and division management will keep these offices open as long as possible, and we will close these offices only as a last resort to ensure public safety.

If there is one positive thing that I will take with me from this past year, it is the diligence, dedication, and pride with which the employees here in the Division of Licensing continued to carry out their responsibilities during these last few months. Our staff never faltered in the discharge of their duties; their commitment to the division's mission never wavered. In all my many years of government service, I have never been so proud to be associated with such a fine group of conscientious employees.

I do not know that anyone will look back fondly on 2020. It has been a difficult and challenging year, filled with tragedy and heartbreak for so many people. Truly, these are the times that try men's souls. Despite the many trials and tribulations, I remain hopeful for a brighter 2021. With the possibility of a vaccine on the horizon, things are already looking up in the new year. Mark Twain once observed, "There is no sadder sight than a young pessimist, except an old optimist." Sad though it may be in Mr. Twain's estimation, I remain an unabashed old optimist.

This being the December issue of The Licensing Ledger, I would like to take this opportunity, on behalf of Commissioner Fried and the employees of the Division of Licensing, to wish you, your colleagues, and your families a safe and happy holiday.

Thank you all for your continued patience.

Stephen D. Hurm
Director, Division of Licensing

Florida Department of Agriculture and Consumer Services

NEW AND DEPARTING COUNCIL MEMBERS

Commissioner of Agriculture and Consumer Services Nikki Fried recently made several new appointments to the PIRSAC.

- **JAMES WRIGHT, Wright Worldwide, Inc., Hialeah.** Mr. Wright is a former chief of police in Opa-Locka and a 20-year veteran of the Miami-Dade Police Department. Since 2014, he has managed his own security agency. Mr. Wright fills the position vacated by Cooper White last November. Mr. Wright will represent INDIVIDUALS licensed pursuant to Chapter 493.
- **PATRICK HURLEY, St. Moritz Security Services, Miramar.** Mr. Hurley has almost a quarter century of experience in the security industry. Earlier in his career, he was a radio and television broadcast journalist. Mr. Hurley fills the vacancy left by Patrick Miller upon his departure in November 2019. Mr. Hurley will represent INDIVIDUALS licensed pursuant to Chapter 493.
- **ROBERT WOOD, Allied Universal Security Services, Tampa.** Mr. Wood has almost 40 years' experience in the security industry. Since 2013, he has served as president of the Southeast region for Allied Universal Security Services. Mr. Wood fills the position recently left vacant by the departure of Jose Ubieta on November 30, 2020, representing larger SECURITY AGENCIES that employ at least 20 security officers.

The Commissioner and the department offer their sincere gratitude to Mr. White, Mr. Miller, and Mr. Ubieta for their dedicated service to the PIRSAC and to the industries they represented during their tenure on the council.

THE DEPARTMENT'S RESPONSE TO THE COVID-19 PANDEMIC

Commissioner Fried Authorizes Extension of Emergency Orders

On December 15, Commissioner Nikki Fried authorized an extension of the provisions of Emergency Orders 2020-004 and 2020-010. These emergency orders, originally implemented in the early days of the COVID-19 pandemic, temporarily suspend some of the normal regulatory requirements for initial applicants and renewal licensees. The specific provisions of these orders are outlined below:

- **Emergency Order 2020-004**, issued on March 20, suspends renewal application late fees, provides renewal applicants with an additional 30 days in which to renew licenses about to expire, provides armed security officers additional time to submit proof of annual firearms requalification training, and allows unarmed security officer training to be conducted via live videoconferencing.
- **Emergency Order 2020-010**, issued on April 24, suspends the requirement for "Class G" license applicants to obtain a certification of physical fitness from a physician or physician assistant due to a shortage of available medical providers. The order also gives Class "K" firearms instructors the option of teaching the classroom portion of the Class "G" firearms training courses online.

These provisions will now remain in effect until February 13 unless they are extended or rescinded by Commissioner Fried. These emergency orders would also be vacated upon expiration of Governor DeSantis's Executive Order 20-52 or the governor's decision to rescind that order.

The full text of all the Commissioner's executive orders can be found on the [Division of Licensing's main webpage](#). Updates concerning the status of these orders will be published on this site.

Reopening of Division of Licensing Regional Offices

As of the publication of this edition of The Licensing Ledger, all nine of the division's regional offices are open for business.

The division began reopening the regional offices, which had been closed since March 19, in June, with the Tallahassee Regional Office being the first to reopen (Monday, June 15) and the West Palm Beach Regional Office the last (Monday, November 9). Management based their decisions on the location and timing of office openings based on an analysis of COVID-19 cases and infection positivity rates in each regional office's home county and adjacent counties.

Commissioner Fried acknowledged the importance of the return to normal operations. "As we continue to navigate the COVID-19 pandemic, our Department is moving forward on a strategic reopening plan for our regional Division of Licensing offices throughout the state to advance our efforts to best serve the needs of Floridians," commented Commissioner Fried.

To ensure public health, enhanced safety equipment has been installed in each regional office, and new safety procedures are now in place. One of management's greatest concerns was the electronic fingerprint stations. Fingerprint scanning at these stations requires close contact between the customer and the division employee taking the customer's prints. To mitigate the risks associated with fingerprint scanning, Plexiglass barriers have been installed at the fingerprinting stations, and employees will be wearing masks, gloves, and face shields while assisting customers with scans. Staff are required to thoroughly clean the fingerprinting equipment after each use. Finally, all regional offices will close from 12 p.m. to 1 p.m. daily for a thorough midday cleaning.

Tallahassee Regional Office employees demonstrate the use of the fingerprint scanning device with Plexiglass barrier while wearing required safety gear.

Director Hurm sounded a note of caution about the prospects of the regional offices remaining open. "We are pleased to be able once again to provide full service to our applicants and licensees," said the director, "but the trajectory of the contagion over these next few months may force us to close some of these offices again. Public health must remain at the forefront of our considerations."

All regional office services are provided BY APPOINTMENT ONLY. To schedule an appointment call (850) 245-5300. Anyone reporting to regional office for assistance must comply with the division's [Regional Office Safety Guidelines](#), which includes the wearing of masks.

Introducing the Application Drop-off Service at the Regional Offices

In August, the division implemented a new application drop-off service at all regional office locations. This new service allows individuals and agencies to deliver applications to the nearest regional office without appointment. The drop-off service was put in place at some regional offices even before those offices had reopened for regular business and walk-in traffic.

Here is how the drop-off service works.

Any individual, agency, or school can drop-off INITIAL or RENEWAL applications to their closest regional office. No appointment is required to drop-off an application. However, drop-offs need to be done during regular business hours (8 a.m.-5 p.m.). Anyone planning to use the drop-off service should keep in mind that regional offices close for one hour each day from 12 noon to 1 p.m. for cleaning.

Upon arriving at the regional office, the visitor should knock on the regional office door. The security officer on duty will come out to review the application to confirm that it is a Chapter 493 application. The officer will direct the applicant to place the application in a manila envelope, and then drop it in the drop box. At regular intervals throughout the day, regional office employees will retrieve the submitted applications and prepare them for scanning into the division's

electronic document management system and for processing.

The service is particularly beneficial to individuals applying for a Class “D” security officer license. When a person submits an application for a Class “D” license, regional office employees will review the application to determine if all required application components have been submitted. If the application is complete in all respects, an acknowledgment card (the “blue card”) will be sent to the applicant via email to the email address indicated on the application. Applicants who do not provide an email address will not receive an email with an acknowledgment card attachment. If the application is determined to be incomplete, the applicant will be instructed to submit a corrected response. After 24 hours, an applicant may contact the division to determine if the application was complete or incomplete.

PLEASE KEEP IN MIND THE FOLLOWING IMPORTANT POINTS:

- The application drop-off services are available WITHOUT APPOINTMENT, but applicants and licensees planning to drop off applications should be mindful of the business hours of the regional office closest to them.
- Even if regional offices are closed in the future because of health concerns related to the pandemic, the offices will continue to accept drop-off applications during regular business hours.
- Applicants should be aware that an acknowledgment card is not necessary to begin work.
- Applicants for the Class “D” license whose applications are complete will be notified by email ONLY. Regional office staff members will not otherwise contact applicants to indicate whether the application has been determined to be complete.

HIGHLIGHTS FROM THE PRIVATE INVESTIGATION, RECOVERY, AND SECURITY ADVISORY COUNCIL MEETINGS

Friday, August 7, 2020

- The members of the Private Investigation, Recovery, and Security Advisory Council (PIRSAC) met by conference call, making this the second consecutive quarterly council meeting convened remotely because of the pandemic. A quorum being present, Chairman Alvin Jones proceeded with the meeting.
- The following management personnel from the Division of Licensing (DOL) and from the Office of Agricultural Law Enforcement (OALE) were present at this meeting:
 - ▷ Steve Hurm, Director – Division of Licensing (DOL)
 - ▷ John Raymaker, Chief, of Regulation and Enforcement – DOL
 - ▷ Brandee Jurkowski, Chief, Bureau of License Issuance – DOL
 - ▷ Michael Whitman, Chief, Investigative Services – OALE
 - ▷ Ric Strong, Investigation Manager – OALE
- Director Steve Hurm’s report to the council focused on the division’s response to the COVID-19 crisis. [The full text of Mr. Hurm’s report is here](#). The director’s remarks emphasized the following points:
 - ▷ While the Tallahassee Regional Office opened on June 15, the other eight regional offices remain closed for the time being. The division hopes to reopen other offices within the coming months. The decision to reopen will hinge on whether county testing and positivity rates fall within guidelines set by the Centers for Disease Control.
 - ▷ The division is working on a pilot program that will allow individuals seeking Class “D” security officer licenses to submit their applications in tax collectors’ offices. The division is also planning to implement regional office application drop-off service to help alleviate some of the problems related to the disruption of normal services caused by regional office closures.

- Even as most division employees work from home, division productivity remains high. The average turnaround time for application review is three days, and the number of pending applications in the work queues of the Bureau of License Issuance (BLI) is down significantly from one year ago. Meanwhile, staff members in the division's Public Inquiry Center continue to field record numbers of telephone calls and chats.
- Director Hurm reminded everyone that Commissioner Fried's emergency order suspending license expiration dates remains in full effect.
- Chief John Raymaker reported on the status of the revisions to rule 5N-1.113, Florida Administrative Code. He noted that the division filed the required Notice of Proposed Rulemaking in June and the Notice of Change in July with the Legislature's Joint Administrative Procedures Committee (JAPC). The changes to the rule will make more transparent the way in which the Division of Licensing determines appropriate disciplinary measures.
- Investigation Manager Ric Strong told the council that the pandemic had severely affected OALE operations, with the planned repo sweeps and homeowners' associations checks being put on hold for the near future. Despite the pandemic, he said that over 1,200 investigations had been completed in May, June, and July, and that many of these investigations involved the failure of terminated agency employees to return their uniforms.
- During public comments, a member of the audience raised the issue about the difficulties initial and renewal applicants for the Class "K" firearms instructor license are facing in obtaining the training needed to qualify for licensure. The problem, according to the speaker, is that the National Rifle Association and other firearms training organizations have put a temporary hiatus on their law enforcement firearms training certification courses. There was lengthy discussion between members of the council and several of those in attendance about this issue. Director Hurm assured everyone that the division was aware of the trainer certification problem. He indicated that the department would carefully look at the matter to determine whether the issue could be resolved with a legislative remedy in the 2021 session.

Friday, November 13

- Co-Chair John D'Agata called the meeting to order, the third consecutive council meeting convened remotely. Chairman Alvin Jones, briefly detained by a previous obligation, joined the meeting shortly after the meeting was underway. This was the last meeting over which Mr. Jones would preside as chairman.
- The following management personnel from the Division of Licensing (DOL) and from the Office of Agricultural Law Enforcement (OALE) were present at this meeting
 - Steve Hurm, Director – Division of Licensing (DOL)
 - Jordan Anderson, Assistant Director – DOL
 - John Raymaker, Chief, of Regulation and Enforcement – DOL
 - Amy Topol, Senior Management Analyst – DOL
 - Michael Whitman, Chief, Investigative Services – OALE
 - Ric Strong, Investigation Manager – OALE
- Director Hurm presented the council with his DOL status report. [A copy of his full report is available here.](#) As with the previous two meetings, most of the director's remarks were related to the division's ongoing efforts to serve the regulated industries during the pandemic. His report included the following important highlights:
 - As of November 9, all regional offices are open for business.
 - Commissioner Fried's emergency orders have been extended through mid-December.
 - Because of continuing high demand for licenses, application processing and turnaround times have slightly increased. The high demand has also caused a sharp rise in the number of incoming telephone calls and web chats to the division's call center.
 - Regulation and enforcement activities have resulted in 322 disciplinary actions against licensees since July 1.

- The partnership between ProtaTECH and several Class “DS” schools to provide classroom training for the Class “D” security officer license using alternatives to traditional classroom training continues to be very successful.
- Since the first of August, the division has been conducting online exam sessions for the private investigator/ investigations agency manager and the firearms instructor licenses as a convenient alternative to offering the exams in regional offices.
- Director Hurm concluded his remarks by introducing Mr. James Wright, Mr. Patrick Hurley, and Mr. Robert Wood, the three new council members.
- Senior Management Analyst Amy Topol provided an update on the progress in creating a training and development program for the department’s regulatory investigators. This training will focus on improving administrative and operational skills and establishing best investigative practices with a goal of standardization and uniformity in regulatory investigations. Phase I, which covers basic information for new hires, is nearly complete. Phase II, which will cover training in investigative skills and statutory requirements, will begin early next year.
- Chief John Raymaker reported that an updated version of rule 5N-1.113, Florida Administrative Code, went into effect on September 24, 2020 (see related story below). However, formatting errors in the final published version of the rule were discovered after its adoption, and the division is initiating rulemaking once again to remedy these errors.
- Chief Michael Whitman and Investigation Manager Ric Strong jointly delivered comments concerning recent activities performed by the Office of Agricultural Law Enforcement.
 - Chief Whitman provided a year-to-date report of the investigations related to Chapter 493. The Criminal Investigations Section of OALE has completed 13 criminal investigations related to security officers for the year. These investigations breakdown as follows: one case involving the sale of fraudulent certificate; 11 cases involving the submission of fraudulent certificate; and, one case involving a security officer performing regulated duties after being denied a license. Chief Whitman said that there had been a total of three arrests in these cases, with two of the arrests occurring within the last week and that he anticipated more arrests in the near future. He concluded his remarks by noting that the planned regional sweeps of the recovery agencies and homeowners’ associations continue to be delayed because of the pandemic.
 - Investigator Strong reported on the various activities performed by OALE’s regulatory investigators during the three-month period from August through September:
 - 553 investigations completed related to cases initiated by the department
 - 315 investigations completed related to cases initiated by incoming complaints
 - 25 school inspections
 - 189 new license inspections
 - 4 investigations related to firearm incidents
 - 161 proactive investigations/inspections
 - Investigator Strong then provided the following numbers regarding violations:
 - 86 violations involving security officers
 - 69 violations involving security agencies
 - 41 violations involving security schools
 - 5 violations involving repossessions
 - 6 violations involving private investigations

Note: On November 19, the OALE announced three arrests made following an investigation into submission of fraudulent security officer training certificates to the Division of Licensing. Here is [a link to the FDACS press release regarding these arrests](#).

- During the portion of the meeting devoted to comments from the industry associations, John D’Agata, council co-chair and newly elected president of the Florida Association of Security Companies (FASCO), introduced the topic of “concierge”

security services as a topic for discussion by the council. As Mr. D'Agata explained, it is becoming increasingly common for companies that are not licensed security agencies to offer access-related services to their clients. For example, a property management company which has a contract with the owner of a high-rise building provides access control device monitoring, gatehouse supervision, elevator controls, etc., as part of the services provided under the contract. Many in the security industry view this as unlicensed activity. BRE Chief John Raymaker said that the division would review the matter and discuss the issue at a later council meeting.

- The meeting concluded with the election of new officers and meeting site selection for the upcoming year. By unanimous vote, John D'Agata was elected to serve as council chair for 2021, while Chris Burns was elected as co-chair. The council members agreed unanimously to convene the four quarterly PIRSAC meetings in 2021 at the Hyatt Regency Grand Cypress in Orlando. Obviously, the council will convene future meetings remotely as dictated by public safety concerns.

ADOPTION OF AN AMENDED RULE REGARDING DISCIPLINARY ACTIONS

Several amendments to rule 5N-1.113, Florida Administrative Code, went into effect on September 24, 2020." Titled "Disciplinary Guidelines; Aggravating and Mitigating Circumstances; Range of Penalties," this rule sets forth disciplinary guidelines used by the division when imposing penalties authorized under chapter 493, Florida Statutes. The guidelines in this rule are intended to inform applicants and licensees about the range of penalties that are routinely imposed for violations. In addition, the rule establishes specific aggravating and mitigating circumstances that the division can take into consideration to deviate from the rule's normal guidelines.

The specific changes made to the rule are detailed below.

- The following three common offenses for which no disciplinary guidelines previously existed were added to the rule:
 - Falling asleep while on duty;
 - Abandoning post while on duty;
 - Conviction for, or adjudication of guilt withheld on, a crime directly related to the business for which a license is held.
- One offense was eliminated from the division's disciplinary guidelines:
 - Failure to have a valid local occupational license.
- Additional clarifying language was added to the rule to ensure the division's guidelines better reflect statutory requirements.

The text of the rule is available at [rule 5N-1.113](#). Interested parties can also go to <https://www.flrules.org>, and type the rule number in the full text search box at the top of the page.

NOTE: As BRE Chief John Raymaker noted at the November 13 PIRSAC meeting, the division is initiating rulemaking for rule 5N-1.113 to correct some minor formatting issues that were discovered after the September 24 implementation date.

ADMINISTRATIVE ACTIONS

Pursuant to Section 493.6123, Florida Statutes, the Division of Licensing is required to publish the name and locality of any licensed or unlicensed person or agency against whom an administrative complaint has been filed and a final order has been issued. The following is a list of final orders issued during the period June 1, 2020, through November 30, 2020. NOTE: When "X" precedes a license type, it designates unlicensed activity in that regulated field. EXAMPLE: "XC" indicates unlicensed private investigative activity; "XE" indicates unlicensed repossession activity.
